**The Krakow Klub (The Mylean Chronicles)** Mr. Philip C Elrod

The United States government is under siege. A secretive cabal of super rich elitists, The Krakow Klub, has initiated the final phase of its long range plan to take over the USA from within. They have achieved control of the Presidency and the military. Their puppet in the White House has declared martial law. The Congress, The Supreme Court and many other political leaders not under their control are slated for elimination. Only one man has the power to stop The Krakow Klub. His name is John F. Scott and he appears to be an ordinary human being. But he is part alien. His power is based on alien technology. Can he be trusted to stop the takeover and return power to a lawful government afterwards? Can he control his power once he unleashes it? Can he control himself during the process? Will he take the risk? If so, at what price? So many troubling questions, with few clear cut answers.
