We all wear emotional blinders: keeping society moving smoothly depends on it. But when you absolutely **must rely** on another person, you have to be able to **assess them** objectively. *Red Flags* will train you to spot **deceptive** or **dangerous** people.

Learn how to:

- Avoid selective **attention**
- **Observe** people over time (bad guys rely on first impressions)
- **Ask** questions: most people's favorite topic is themselves
- **Cybersleuth** to verify information and track down inconsistencies

If you want to know whether a potential boyfriend is trustworthy, are hiring employees, selecting a child care worker, or have partners in business, you need **RED FLAGS**.
