Welcome to Progression. If you lived here, you'd be home now. A spaceship full of the brightest young humanoid scientists in the League of Planetary Systems goes missing on its return flight from the Science Fusion Conference. All of the passengers aboard flight 1366 find themselves residents of Progression. The community, hidden inside an asteroid, was built to ensure the survival and progress of the humanoid races of the League. Life in Progression isn't all bad. It's a unique community where the brightest scientific minds can focus on solving societies greatest problems. Matt Trinity, a network architect, leads a group of likeminded individuals who can see the benefits of the work paradigm in Progression, but who still want the freedom to make their own choices about how they live their lives. Government intrigue, private security firms, tornados, and romance are all part of life in Progression.
