*Choose Wisely: 35 Women Up To No Good* is a feminist anthology of dark fiction, co-edited by H. L. Nelson and Joanne Merriam. Containing 35 stories of bad women, and "good" women who just haven't been caught yet, it features the writing of Joyce Carol Oates, Aimee Bender, Diane Cook, and more.

"Composed of 35 gleefully dark short stories by and about women, this anthology is a welcome antidote to the conventional world of women's fiction. Don't get me wrong, I adore Alice Monroe and agree that the minutely observed world of everyday life is just as viable a form of literature as the more adventurous fiction dominated by men, but, still, there's something so energizing about girls who kill, or chase ghosts, or bide their time in strange worlds of the future. If there's a mother daughter story in here, it's likely to involve a little serial kidnapping as well. If dad was a sexual predator, then his little girl is going to be one too. Super heroes, with costumes, terrifying weapons, and all too human foibles abound... I don't know how anyone can read this book and not feel energized." - Vickie Fang, *Best New Fiction*, 5 May 2015

"Inside are a number of writers I downright worship. . . a stellar collection of high caliber writing." - David S. Atkinson, *InDigest*, 30 April 2015
