Cody Langdon has survived a lot since moving to Florida to start his life over. After his new neighbors were killed by a demon named Tanglewood, Cody joined a secret support group for people who had been through similar ordeals against ghosts, monsters, and demons. While on a trip to a mysterious island, Cody was thrown back in time to the 1850s in the body of a closeted aristocrat.

Not only must Cody quickly readjust to the jarring social and technological differences of the 1850s, but he soon finds a mysterious adversary stalking him. When his unofficial boyfriend and his best friend arrive at the plantation, the three confused teens discover their trip through time may hold valuable information about Tanglewood.

With their lives in constant danger and no one to help them, Cody must find a way to survive the 1800s and return to his normal life dealing with parents who want him to see a psychiatrist, a rocky romance, and a murderous demon.
