After years of living the life of a stay at home mom, Annie's thoughts start to venture outside of the home. Not only has her home life become mundane, but there is little, to no erotica in her life whatsoever. Longing for appreciation, physical and emotional attention, Annie's attempt to cope with stress and disappointment in her personal life stimulate a new path. This is the start of a new erotic chapter in what was once a boring, routine existence.

Here is a brief excerpt from this short story:

I could feel his eyes glide up and down my body as his head turned slightly towards me. Out of the corner of my eye I saw the shaft between his legs bob a little as he observed me. I felt my stomach twist with desire. His deep, dark eyes took their time flowing over my every curve. The warmth I felt spreading beneath me had nothing to do with the steam. I could feel my body tense up as my towel crept ever so slightly down my breasts exposing one of my stiff nipples. I wanted him to take me. To come at me and push me down on the bench and have his way with me.

Grab this erotica short story and get some exciting ideas that can help you fill the void in your life, or just get you thinking again...
