Fisica del alma, La (Spanish Edition)

Goswami, Amit

Fisica del alma, La (Spanish Edition) Goswami, Amit

Al fin, la ciencia y el alma se dan la mano. El Dr. Amit Goswami, con un estilo tan lucido como encantador, tan divertido como profundo, utiliza el lenguaje y los conceptos de la fisica cuantica para estudiar y demostrar cientificamente las teorias metafisicas de la reencarnacion y la inmortalidad. En La fisica del alma, Goswami nos ayuda a comprender el modelo de realidad de la fisica cuantica y las profundas creencias de las milenarias tradiciones espirituales y religiosas del mundo. El resultado es una vision cosmogonica amplia, excitante y rica que integra por primera vez en un sistema coherente mente, espiritu y ciencia. / Can the bizarre and probabilistic world of quantum physics be used to prove the existence of the soul and its immortality? In *Physics of the Soul: The Quantum Book of Living, Dying, Reincarnation, and Immortality*, Amit Goswami (The Self-aware Universe; Quantum Creativity; etc.) details how cutting-edge science might be used to answer questions that religions have grappled with for millennia. The author hypothesizes that a "quantum monad" is involved in reincarnation, and draws upon UFO sightings, past-life regression, ghosts and angels to broaden the applicability of his ideas. New Age buffs should find this book appealing.
