Life Isn't Always Fair!

Life Isn't Always Fair!

[Grades 2-5] This story and series of lessons is a wonderful antidote to the expression, "That's Not Fair!" and a fun way to teach a concept we all learn sooner or later: "Life Isn't Always Fair." Life Isn't Always Fair includes the original story, Fair Is Where Grandma Took Her Pickles In The Fall and accompanying lesson plans that deal with the topic of fairness. In the story, the author shares her own and her sisters' disappointments when one gets something and the others do not or when one can do something better than the others. The story takes a twist when the sisters realize that everyone is good at something, and even if you cannot be very good at something, there is no reason not to continue doing it and having fun. Following the story are six lessons that further cement the reality of fairness.
