"What if you met a man who was 2,800 years old? What questions would you ask him about History? Religion? Would you want to learn his secrets of immortality?"

I went looking for the oldest person alive on earth today. I wanted to find out from them what they eat and what did they do, to accomplish such a long and healthy life. to my absolute shock I located and made contact with a man whose real physical age is nearly 2,800 years old.

Would you like to know more about the story on how I found such a remarkable man and what stories he had to tell about the unwritten history of our Western Civilization?

I am writing a series of books to detail this man's life, his experiences, and his secrets of immortality; starting with Book 1 titled: "Secrets of an Immortal - An Eyewitness Account of 2,800 Years of History"

Book 1 - Part includes this incredible man's life as a Templar Knight, working with Leonardo Da Vinci to build a time machine and saving Europe from vicious plagues using a simple gardening technique from Genghis Khan. This and many more adventures await the reader that proves the saying "Fact is Stranger than Fiction".
