Words and Works Joaquin Bowman

Words and Works is a collaborative compilation of poems, narratives, and images. A little bit of this; a little bit of that. It's really a collection of our creative efforts that didn't fit into other projects we were working on over the years. We did our best to put them in some order that would make interesting reading, at least for those that know us or know our work. We enjoy making images and recording life's experiences and changing views. As photographers, writers, and artists we have expressed our deepest sorrows and joys. While the events we describe are uniquely ours, in many ways they are universal to families struggling with day to day life. Subjects like raising children, caring for aging parents, self-doubts, alienation, values and love are all covered, along with many other topics. As a creative couple we have chosen to interpret these through our in words and images.
