*"I occasionally think, how quickly our differences worldwide would vanish if we were facing an alien threat from outside this world. And yet, I ask, is **not an alien force ALREADY among us?**" – Ronald Reagan (former US President)*

Humanity is being killed off, and most people have no idea that we are even under attack.

How those behind the New World Order are lurking in the shadows of the UFO/alien phenomenon

Casper Stith takes you on a mind-bending journey through history, connecting the dots which are hidden in plain sight.

Some of the important topics covered are UFOs, alien abductions, Nazis, eugenics, mind control, human engineering and cloning, underground bases, cattle mutilations, and much more.

You can waste your time researching 'ancient aliens,' or instead get up to speed on the sinister 'alien' plot that is going on **NOW**.

There is a race against time, and the future of mankind is at stake...

Does anybody care???
