President Daniel Carlson is the most popular president in history. But he has a secret big enough to bring down his whole administration.

It wasn't the marijuana he smoked after graduating from Harvard. It wasn't the fact he won the presidency with the help of computer phenoms hired to hack into an electronic voting source code. It wasn't that his political family wasn't pure.

Only days before the vote for his next election, his chief of staff informs him, "They know, Daniel."

Dreams will be shattered. Lives are in danger. Can America handle the truth?
