Esther's Secrets. The black book of tomorrows middle east war. David Joseph

To the Arab world and much of the Muslim world, Israeli's success was their failure.

They could not defeat her militarily, economically, or socially. But hatred, unabated, always rises to fulfillment. Like a pressure cooker without a release valve, the middle east continues to heat up. Major war came four times in the young life of the Jewish state. And so what's new about another one? This time the geopolitical dynamics are different. This time America is weak from its wars in Iraq and Afghanistan. This time Russia is strong from their huge oil revenues. This time Iran has joined the party. This time they have a plan.

Backed by indisputable sources the author lays out the complete secret battle plan of the Iranian/ Arab coalition and how Israel and the United States plan on stopping it.

How will it effect you personally? Thats in the book too.
