Just My Word is a life experience in such a short book. The book is filled with so much emotion through every page. Every word has a special attachment to life. Every poem has a meaning to be understood, a question to be answered. At least one poem should have an emotional attachment to the heart or soul. The purpose of this book was to express how I feel through poetry. Every word written is poured out from my heart and speaks nothing but the truth. Hopefully, my words can reach out to a heart or soul to change someone's life for the better. People need to realize that life goes on no matter the circumstances and that anything is possible. I am sure my English teachers would have never guessed that I could write poetry in this way but look what we have here. Hopefully, my poems can inspire others to do greater things.
