Consumindo a API do Zabbix com Python (Portuguese Edition) Janssen dos Reis Lima

Prefácio de Alexei Vladishev, criador do Zabbix!

Este eBook aborda a API do Zabbix com exemplos práticos de como extrair dados do seu ambiente de monitoramento e como recuperar e modificar informações via programação, fornecendo acesso a dados históricos. A API do Zabbix é amplamente utilizada para criar novas aplicações, fazer integrações com software de terceiros e automatizar tarefas repetitivas.

O leitor conhecerá as classes e os métodos mais utilizados e os tipos de dados suportados pela API do Zabbix. Além de uma introdução básica sobre JSON, serão apresentadas algumas ferramentas para auxiliar o leitor no entendimento das requisições e respostas da API.

O leitor também terá acesso a códigos de formatação de saída das requisições, automação de tarefas e geração de relatórios, além de dicas de projetos que podem ser desenvolvidos utilizando a API do Zabbix. O conteúdo deste livro proporcionará a administradores de redes, gestores de TI, estudantes e pesquisadores soluções para resolver as questões relacionadas a consumo de dados, desenvolvimento de relatórios, automação de tarefas, entre outras possibilidades.

Apesar de ser um conteúdo voltado para desenvolvedores, este livro foi escrito e pensado para o público que trabalha com Zabbix.
